Careering madly through the fields, every hair of his coat ablaze, a goat the other night applied the torch to fields and buildings, leaving in his wake a fiery trail that brought volunteer fire fighters out in force at Bowling Green. Twenty-five acres of grass, two large barns and fencing were ignited. Then the animal, wearied by his headlong flight and suffering from the flames that were rapidly consuming him, keeled over in the midst of the conflagration he had started and died. How it caught on fire is a mystery.

MAJOR-ADAMS.

Howard Major, Jr., and Miss Anna Adams, young people of the Beverly neighborhood, were married in Clarksville Wednesday afternoon at 3:30 o'clock. They were accompanied by John Tom Adams, brother of the bride, and Miss Mary Jones, and went through in a car. After the ceremony the bridal party returned to this county, spending the night with the family of Mr. G. C. Hille, near Elmo. Thursday they returned to Beverly.

The bride is a daughter of Mr. and Mrs. Charles R. Adams. She is a blonde, possessing much beauty, and is very popular with a wide circle of friends. She is pianist at Liberty church and is a niece of Judge Walter Knight. The groom is a prosperous young South Christian farmer and enjoys a wide popularity. He is superintendent of the Liberty church Sunday School. Mr. and Mrs. Major will reside with the groom's parents, Mr. and Mrs. Howard Major, near Beverly.

WOMAN DIED
THURSDAY

Burns and Exposure Caused Katherine Denton's Death At Hospital.

MYSTERY LEFT UNSOLVED

Body Will Be Held Awhile Before Being Buried By The County.

Katherine Denton, the strange woman who was fatally burned in the destruction of Zion colored school house on the Princeton road Tuesday night, and who was taken to the Jennie Stuart Hospital Wednesday morning, died at 4 o'clock Thursday morning.

As announced by Dr. F. M. Stites, who attended her, the burns she received were almost necessarily fatal, but she would not have died so soon but for the shock and exposure. She walked naked five miles on a cold night, over a new pike with bare feet, her body covered with burns, in a strange country and in the darkness of a lonely country road. Horrors crowded thick upon her and her condition was indeed pitiable.

She died without being able to give any definite information about herself. In the delirium of her last hours she muttered what seemed to be the words "Mother," "Louisa" or "Lucien." Her sufferings were intense until death ended them. The body was turned over to the Waller & Trice Co. and it will be held a day or two in an effort to locate the woman's friends.

It turned out that she first reached the city Monday night and Lieut. Hawkins took her to Hotel Main, where she registered as K. D. Denton, Evansville, Ind. She said she was unmarried. She got on the early train Tuesday morning for Princeton, leaving here at 5:40 a. m. She must have returned Tuesday morning, as she went to the Hill House at 1 p. m., but did not eat dinner or register. She was given a room, saying she would leave on an afternoon train. In a little while she left and as heretofore narrated walked seven miles into the country on the Princeton road, and when night came on took refuge in the colored school house. During the night the house burned down and she escaped with her clothes on fire. She tore off the clothing and started on the long walk back to town nude and suffering from fatal burns. She was found and taken in charge after daylight two miles from town.

She was of medium size, dark hair and eyes and wore a small dark hat and a long coat of a peculiar shade of red. She was about 35 years old and wore glasses and seemed to be intelligent. She made an attractive appearance.

She left \$8 with Mr. Freedman at the Hill House, which he still has deposited in his safe. She took her suit case with her. All of her effects were burned up. Some people have been found who offered to let her ride, but she refused all offers. She asked to be shown the Princeton road when she reached the forks of the Princeton and Cadiz roads. It is not known that she met any one whom she knew. She told conflicting stories of the way she was burned. She did not make it clear that she was in the school house, but there is no doubt that she received the burns there. The school house had no fire in it, but she must have started one.

The worst burn was on her left shoulder. Other bad ones were under her arms, on her neck and face and in the palms of her hands. Less serious burns were on her legs down almost to her ankles. The soles of her feet were terribly cut and bruised from walking on the pike. Nothing that would have thrown any light on her identity has been found. All of the unfortunate woman's effects were destroyed and she told nothing that would establish her identity. Unless the body is called for soon, it will be buried at the county's expense.

SONGS AND
ORATORY

Made Up a Pleasing Program at Civic League Entertainment.

MANY OLD FAMILIAR AIRS

Local Speakers Made Short Talks Between Times—Dr. Powell Presided.

A large audience, that filled even the galleries, assembled in the Christian church at 7 o'clock Thursday evening to take part in the community singing as arranged for by the Civic League and the Wednesday morning Music Club.

Rev. Lewis Powell, of the Methodist church, made an excellent presiding officer and Superintendent L. E. Foster excelled himself as a chorus leader and director of music.

Mrs. Clayton D. Richards presided at the organ.

The musical program embraced such old time songs and patriotic airs as "The Star Spangled Banner," "Dixie," "Old Kentucky Home," "Last Rose of Summer," "Silver Threads Among The Gold" and many others that the big crowd sang with zest and genuine delight to everybody. Several short speeches were made between the songs.

Prof. L. E. Foster made the first talk, explaining the purposes of the community singing and expressing the hope that there would be frequent repetitions.

A. H. Eckles, as a member of the Christian church, extended a cordial greeting and then discussed the objects and aims of the Civic League in a speech abounding in witticisms and jokes that greatly delighted his hearers. His subject was the "Pre-lude."

The next speaker was Chas. M. Meacham, whose subject was "Inter-lude." After some remarks in a lighter vein, he paid a tribute to the excellent and praiseworthy work done by the Civic League since its organization in 1910. Since that time the Presidents have been Mrs. Ira L. Smith, Mrs. Frank K. Yost, Mrs. W. R. Howell, Mrs. F. P. Thomas and Miss Jennie Glass. Special objects of their attention have been the promotion of the Carnegie Library, the organization of Associated Charities, a crusade against flies and for public sanitation, the enforcement of laws and ordinances demanding pure food and a clean town, and persistent efforts to arouse the civic pride and tastes of the citizens for the cultivation of the flowers and in other ways beautifying the city.

Taking as his subject "The Inter-mezzo," Claude R. Clark made one of his characteristically happy and eloquent speeches, paying a high compliment to the musical talents of the Wednesday morning club.

The closing speaker was T. C. Underwood, whose address coming in as a "Postlude" was a continued round of humorous and graceful things, said in the speaker's happiest and most pleasing style.

Adjourned at nine o'clock.

MISS COOK ENTERTAINS.

Miss Sarah Cook brilliantly entertained Thursday evening, at the home of her parents, Mr. and Mrs. Jas. O. Cook, in honor of her house guests Misses Jennie Lee Renfrew, Lucy McCormack, Margaret Carson and Shelby Rhodes, of Bowling Green. It was largely attended and a most delightful society event.

Misses Emily and Virginia Williamson, who are teaching at Princeton, are spending a few days at home.

What is believed to be a definite clue was found yesterday. A man whose identity is known, is reported to have been seen with the woman in a buggy on the Princeton road, by a child. The clue was being followed up yesterday afternoon.

REMNANTS
REACH JUAREZ

Tell Story of The Trevino's Evacuation of Chihuahua City After Fighting.

STREETS PILED WITH DEAD

Women And Camp Followers Accompanying Army, Some With Babies.

Juarez, Dec. 1.—The remnants of the Carranza army that fled from Chihuahua city after a battle with Villa troops, are in camp on the plains south of Juarez. They brought with them the story of the evacuation of the city after four days and nights of fighting. The dead were piled high in the streets when they left, and had been covered with oil and burned, they said.

Soon after 1 a. m., the first troop train brought the ragged survivors of the de facto force which had escaped to the north. Accompanying this train was a sanitary section consisting of three second class coaches and one "white cross" hospital car. In these cars were more than one hundred wounded soldiers of the Carranza command. The hospitals here are filled with wounded and volunteer nurses are working to care for officers and men who fell in battle.

The troop trains that brought this surviving force to the border left Chihuahua city at 10:30 o'clock Monday morning, proceeding to a point near Terrazas station where a burned bridge forced them to transfer to another train Wednesday. The troops brought back many of their field pieces.

Women camp followers shared in the interest. Some of them had children, said to have been born on the battlefield.

Refugees said that between the cemetery and Santa Rosa hill the dead covered the streets, many having died days before.

FELL FROM
ROOF OF BARN

John W. Tucker Is Injured While at Work on Building near Church Hill.

John W. Tucker, of this city, fell from the roof of a barn on the farm of Mr. W. A. Adcock, near Church Hill, Thursday, and was painfully injured. Mr. Tucker was tearing away boards on the roof of the building, preparatory to putting on a new roof, and lost his balance, falling about fifteen feet. He landed on a mower and a deep gash was cut in his right arm. He also sustained a scalp wound which required several stitches to close up. He remained at Mr. Adcock's residence until yesterday morning, when he was brought to his home here.

OVER \$125,000
OF TAXES PAID

During the Rush to Escape the Penalty December 1.

During the closing days of November, from Monday to Thursday night, Sheriff Jewell W. Smith and his deputies took in \$75,000 in round numbers for state and county taxes. The penalty of 6 per cent went on the delinquent taxes yesterday. At the offices of the City Commissioners the receipts for city taxes were also very heavy, the total collections for the week being about \$52,000.

WEDDED HERE
THURSDAY

Pretty Home Wedding at the Residence of Mr. L. K. Wood, 30th.

A quiet home wedding took place at the home of Mr. and Mrs. L. K. Wood Thursday at noon, the bride being Miss Beulah Smith, of Fairfield, Ill., a sister of Mrs. Wood, and the groom, Mr. Mills Wood, of Princeton, a brother of Mr. Wood. Rev. W. R. Hill, of Nashville, until recently pastor of the Baptist church at Princeton, officiated. Mr. Dana Wood was best man and Mrs. Jonathan Rigdon, of Danville, Ill., the bride's sister, was matron of honor. Little Linda Borden Wood, of Caldwell county, was ring-bearer. The home was prettily decorated, the color scheme being carried out in white and green, chrysanthemums and ferns being used.

Mr. L. K. Wood sang a solo, "Oh! Promise Me," and Mrs. Frank Wood, of Princeton, sang Cadman's "At Dawning." Miss Angeline Henry, of Princeton, presided at the piano and played Lohengrin's wedding march. The wedding party went to the Pennyroyal where a wedding dinner was prepared. At 5:29 p. m. the young couple left for a Southern trip and will shortly be at home at Princeton.

Out-of-town friends present were: Dr. and Mrs. Jonathan Rigdon, of Danville, Ind., Mrs. A. A. Smith, the bride's mother, of Fairfield, Ill., Mrs. Walter M. Wood and daughter and Mrs. C. W. Wood, the groom's mother, of Otter Pond; Mrs. Virginia P. Pool and Mrs. Frank Wood, of Princeton. Several of the visitors are still here, visiting Mr. L. K. Wood and Mrs. Gipp Watkins.

Pass Examination.

Word has been received that Ira Powers, Georgetown College's representative who took the Rhodes Scholarship examination, passed with a good grade and is now in line for the appointment. His many friends are glad to know of his success and are pulling for him to get the appointment. Mr. Dunlap, of Centre College, was the other applicant to pass the examination.—Georgetown Times.

Mackensen Almost Within Shelling Distance of Forts. ---Russian Diversion.

RUMANIAN CAPITAL LOST

Invaders Overrunning Country Without Serious Resistance.

London, Dec. 1.—The forces of Field Marshal von Mackensen are almost within shelling distance of the southern forts which protect Bucharest, the capital of Rumania. Driving along the railroad leading north from Giurgiu, von Mackensen has captured the town of Tzomano, 16 miles south of Bucharest, and at last accounts was still making progress towards his objective.

Meanwhile the army of Gen von Falkenhayn is keeping up its pressure against the Rumanians west and northwest of the capital, in the center, having forced the Rumanians to fall back to Glavatzotzu, 35 miles from Bucharest, and farther north having captured the town Campulung, thus opening the way for the unhindered advance of additional troops of the central powers through the Torzburg pass into Wallachia.

The offensive begun by the Russians in the region of Kiriababa apparently is not impeding to any extent the Teutonic inroads into Rumania. Additional gains are conceded to the Russians in this region, but again it is asserted that they have been dearly paid for in casualties. The Rumanians in the north and northwest fronts have made progress in the Buzzeu and Prahova valleys.

In none of the other theaters has there been any fighting of great intensity, so far as the official reports show. The big guns of the belligerents on the front in France and Belgium are active at several points.

100,000 BELGIANS
IN SLAVERY

Minister of Justice Says Workmen Broken by Starving to Get Contracts Signed.

New York, Dec. 1.—Pierre Mal, the Belgian consul in New York, made public in New York tonight the following cablegram received from Carton De Wit, Belgian minister of justice, at Havre, France.

"According to the last information received here. More than 100,000 Belgian workmen have already been thrown out of their homes and taken into slavery in unknown places. The mothers, wives and children who want to retain them are driven back by the Germans and are torn with despair.

"The Belgian government has just sent bread through the Swiss government to 10,000 of these unfortunate actually kept together in Soltau camp and the Germans are breaking them with a starving system to try to get them to sign work contracts.

"What do the American people, whose Belgian relief work is put into serious danger, think about this?"

"What would the great soul of Abraham Lincoln have thought about it?"

The boycott on high priced food-stuffs in New York state, inaugurated Wednesday, brought prompt results. The turkeys, chickens and geese shipped into New York to be sold at from 38 to 45 cents a pound were refused and a semi-panic was created among dealers, who began to reduce prices to unload. The public organized and declined to pay prohibitive prices. Potatoes were forced down from \$7 to \$4.50 a barrel. An absolute boycott on eggs for two weeks was ordered, even the big hotels eliminating eggs from their menus. Led by Mayor Burns, of Troy, a state boycott was organized and the plan is to push it to other states. Governors are urged to issue proclamations and even the President is to be asked to take a hand in the fight against the food gamblers until the costs of living are reduced. Next Wednesday is the day set for the state boycott on butter and eggs in New York and other states may be ready by the same date. At Pittsburgh Wednesday the overstocked turkey market went to pieces and in the scramble to unload some dealers sold at so much a head without weighing, some selling as low as 5 cents a pound.

When Congress meets Monday, Congressman Fitzgerald declares he will introduce a bill providing for an embargo on the exportation of the necessities of life. He says this will not only keep supplies within reach of the people but will help to settle controversies with England. He says: "It is the most effective weapon in our controversy with Great Britain over her unwarranted, outrageous and indefensible blacklist of American merchants. As our food-stuffs are needed abroad an embargo will be more effective than weary months of diplomatic negotiations which end in the continuance of the indefensible practices against our rights. The embargo also should be imposed for purely domestic reasons. The prices of foodstuffs have reached levels that are bringing widespread distress to the country. Many hundreds of thousands of our people are suffering from the lack of the necessities of life."

Austria-Hungary has asked the American Red Cross to discontinue relief work in Belgrade and in other parts of Northern Serbia conquered by the Teutonic forces, when supplies now on hand have been distributed. The suggestion reached here through Ambassador Penfield at Vienna. The Austrian Government expressed its deepest gratitude to the Red Cross for what has been done and gave no reason for asking its discontinuance.

Members of the Louisville Woman's Suffrage Association are busy communicating with the various clubs and organizations, which will be asked to co-operate in the campaign to reduce the price of eggs and butter, which will be launched immediately following a mass-meeting of householders this afternoon at 3 p. m. at Suffrage Headquarters.

The flour dealers follow the market up or down in fixing their prices. Most other dealers, especially those in meats, lower nothing after it is once raised, until the people start a boycott.

MRS. BOISEVAIN'S ILLNESS FATAL

Died In a California Hospital After Ten Weeks' Illness.

Los Angeles, Nov. 23.—Mrs. Inez Milholland Boisevain, aged 30, widely known suffragist and welfare worker, died in a hospital here shortly before midnight last night after an illness of ten weeks.

Mrs. Boisevain was stricken suddenly while addressing an audience in this city during the recent political campaign and fainted on the platform at a meeting. She was removed to a hospital and her husband and parents rushed from New York to join her here. Miss Vida Milholland, her sister, was with her when she was stricken and has been in constant attendance since that time. Mrs. Boisevain's illness was diagnosed as aplastic anemia and blood transfusion was resorted to in attempts to improve the condition. Miss Vida Milholland twice gave blood for this purpose and on four occasions besides, friends submitted to the ordeal in hope that benefit would result. After each transfusion temporary improvement was followed by relapse.

A West Virginia Ripper.

Although West Virginia gave her electoral vote to Hughes at the recent election, the people at the same election selected a Democrat as Governor and one branch of the new Legislature is Democratic. Both the Governor and the Legislature take office January 1 next.

The retiring Governor and Legislature of West Virginia are Republican, and the Governor, although he goes out of office in a few weeks, has called the Legislature, in extra session to pass a "ripper bill, making it possible for a number of subordinate State employees to hold their jobs, despite the popular vote to the contrary.

The Legislature is now in session and the Senate has passed, and the House is expected to pass, a bill providing that neither the Governor nor any of the new State officers can remove any of the subordinate State employees except for cause, and that all removals, including such as may be made for incompetency, must go to the Republican State Court of Appeals for a final decision.—Post.

CALL TO NORTH STIRS NEGROES

Stories of Money to Be Made There is Cause of Unrest in Dixie.

A staff correspondent of the New York World, who was sent to the South to investigate the Negro exodus to the North and West, has written the following from Birmingham Ala., under date of Nov. 11:

"The Negro migration from Alabama to Northern and Western states was given momentum by the activities of the boll weevil and the summer noods in the cotton district of the State. The progressive little insect that disheartens cotton growers struck hard in lower Alabama counties this year, and floods literally washed away many crops. Negro tenant farmers were advised by their landlords to look out for themselves until spring, when a new crop can be planted.

"The Birmingham mining district was asked to take care of many of the poverty-stricken Negroes from the cotton or black belt. It was about this time that the Pennsylvania and Erie railroads were urged to stop recruiting laborers in Georgia and Florida. The labor agents turned to Alabama at the psychological moment and did a lively business for several months, with the result that more than 60,000 Negroes migrated to the North, East and West from the State. County upon county has been almost deserted by Negro men for the coal fields of West Virginia, Ohio, Kentucky and Indiana and the great industrial centers New York, New Jersey, Michigan and Illinois.

"It was the middle of September before the business men of Birmingham realized that the State was losing its Negro workmen by trainloads. Between 10,000 and 12,000 colored people left Birmingham.

"The Negro movement is spreading over the entire South. Labor agents are just beginning their activities in Kentucky, South Carolina, North Carolina and Virginia. California has advertised for 10,000 Negroes to work in various industries. The demand for labor, especially unskilled labor, extends from the Pacific to the Atlantic and from Maine to California.

"Wages paid Negro men in the South range from 35 cents a day on farms to \$2.50 and \$3 in the mines. On the farm the Negro is provided with a house and garden and a pasture for his cow, rent free. He has the privilege, as a rule, of going into the timberlands on the farm and cutting dead trees for firewood. Many of the better class of farmers pay as much as \$1 to \$1.50 a day for good laborers.

"In sections of the South where the cotton crop is good this year Negro tenant farmers have more money than they ever had before. In portions of Georgia, Alabama and Arkansas, where long staple cotton is grown, Negroes are buying automobiles and other things that come with prosperity.

"The news of the Negro migration has reached almost every Negro cabin in the South. Every colored man of ordinary intelligence has heard of offers from the North. Promised transportation on a special train to work that will pay him from twice to five times as much as he is making now has excited many a Negro throughout Dixie. Last Thursday at Macon, Ga., a fake labor agent collected 50 cents apiece from a thousand Negroes, promising to have a special train that night to take them North. The thousand Negroes who had parted with their hard-earned half-dollars, assembled at the station in Macon and waited all night for the special. Friday morning they were dispersed by a police force and a search was instituted for the defrauder.

"In some parts of the South Negroes loaf in the streets about leading hotels hoping to meet a labor agent who will furnish transportation to the North and West."

Devise Key-Making Machine.

A key-making machine that will duplicate accurately a Yale, Corbin, or similar key, in one minute, has been introduced. All that is necessary is a blank and the key is duplicated. The key is placed in one clamp, the blank in another. The guide disk touches the key, the wheel the corresponding part of the blank, as it is revolved. A hand lever is moved from left to right, until the wheel stops grinding. The machine is so simple anyone can run it.

TOM UNDERWOOD.

Bowling Green Lodge No. 320, Benevolent and Protective Order of Elks, has been fortunate in securing the services of Thomas C. Underwood, of Hopkinsville, as the chief speaker on the occasion of their annual lodge of sorrow to be held next Sunday. This an annual event in Elkdom, and the services are held to keep alive the memory of the departed, and to inculcate the principle laid down in the motto of the order: "The faults of our brothers we write upon the sand; their virtues upon the tablets of love and memory."

Mr. Underwood is one of the most talented of the speakers who have dedicated their services to this labor of love. He has always been in great demand on such occasions, and it was only by securing an early promise from him that his presence was secured.

In addition to being a captivating speaker, he is a strong writer and a prince of good fellows. He has already many friends here. He will count all who hear him as a friend when he comes.—Bowling Green Messenger.

She Stayed In Bed.

Ingram, Tex. "Ever since I became a woman," writes Mrs. E. M. Evans, of this place, "I suffered from womanly troubles. Last fall I got so bad, I had to stay in bed for nearly a week every month. Since I have taken Cardui, I feel better than I have for years. You can rely on Cardui. It acts on the womanly organs and helps the system to regain its normal state of health, in natural way. Prepared especially for women, it prevents womanly pains, by acting on the cause, and builds up womanly strength in a natural way. Purely vegetable. Mild, but certain in action. Try it.—Advertisement.

Horse Dies At 34.

The old family horse of the late J. T. Williams died a few days ago; her age was 34 years. She had been blind for thirty-one years. When the home was broken up after Mr. Williams' death and Mrs. Williams went to the home of her daughter, Maude fell into Mr. O'Connell's hands, who tenderly cared for her until her death, not permitting her to be used in any way.—Eminence News.

R. T. Stowe, Mayor

GREATEST WEATHER PROPHET.

Rev. Irl R. Hicks, of St. Louis, the greatest and most successful of weather forecasters, died on Oct. 12, 1916, after a short illness. Before he took sick he had entirely completed his work on the great Hicks Almanac for 1917 and had read the proofs of all his weather forecasts for a year in advance. This noted Almanac is now ready and is a fine specimen of Almanac making. Prof. Hicks' portrait was painted by a leading artist of St. Louis in May, and this portrait printed in colors, makes the frontispiece of the 1917 Almanac. The 1917 Almanac is 35 cents by mail. Prof. Hicks' monthly Magazine, Word and Works, will also be continued by the publishers. Word and Works one year with the Hicks Almanac is one dollar. Send 5 cents for a sample copy of Word and Works. Address Word and Works Publishing Company, 3401 Franklin Avenue, St. Louis, Mo.

Gentry Show Sold.

Bloomington, Ind., Nov. 29.—Negotiations were completed here Monday for the sale of Gentry Bros.' dog and pony circus to J. D. Newman, of Indianapolis, and J. B. Austin, of Anderson, Ind., for \$100,000. The new purchasers served nearly twenty years each with the Gentry Bros. shows and recently have been with the Barnum and Ringling shows.

Henry B. Gentry, founder of the shows, started in business thirty years ago with a few dogs and ponies, giving performances in opera houses. He was a poor boy and barely had money enough to pay the actual expenses of the small amuse-

ment enterprise. Later he was joined by his three brothers, W. W., J. W. and Frank H. Gentry, the show was enlarged to a circus and two special trains were required to transport it. It was divided up into two sections. The circus has brought great wealth to the Gentrys, now among the richest citizens in Southern Indiana.

Mrs. Edward Curd, of Muscogee, Okla., is visiting her mother, Mr. Anna Fairleigh.

Miss Ruth Phelps, teacher in the city schools, spent Thanksgiving at Greenbrier, Tenn., with relatives.

Lewis A. Waller sent a bunch of his White Plymouth Rocks to the Henderson show this week. Mr. Waller went over himself Thursday.

Relatives here have been advised of the critical and perhaps fatal illness of Mrs. C. H. Dietrich, at Winchester, Ky. Her children have been summoned from different states and her condition is said to be hopeless, with leakage of the heart.

Meteorites.

Among the collection shown in the new building of the National museum at Washington is a remarkably fine exhibit of meteorites. It includes complete meteorites ranging in size from the merest pebbles to great boulder-like masses, and casts reproducing giant forms like that of Bacubirito, which has been estimated to weigh 25 tons and still rests where it fell in Mexico.

HELEN KELLER MAY WED YET

Despite Denials, It is Believed She Will Marry Former Secretary.

New York, Dec. 1.—A Boston dispatch to the Sun says that despite the fact that denial of the engagement of Miss Helen Keller to Peter Fagan, a socialist worker, has been made by Miss Keller, Mrs. John A. Macy, her lifelong companion and teacher, and by Mr. Fagan himself, the friends of the three are still mystified and believe that the couple will be wed at some later date.

Mrs. Macy has left Wenham for Lake Placid to regain her health. Miss Keller has departed for Alabama to spend the winter with her mother and other relatives and recover her health. Mr. Fagan is at Tampa, Fla., with a brother Socialist, who was announced as a minister who would perform the wedding ceremony.

Before each left Boston positive denials of any marriage intentions were made. In the face of these denials, however, it was declared at city hall that applications for marriage intentions had been filed just previous to the departure of Miss Keller and Mr. Fagan. At that time it was stated that Miss Keller and Mr. Fagan would go South to be married. It was also said that the marriage plans have caused friction between the blind woman and Mrs. Macy.

It is said that Miss Keller and Mr. Fagan had planned to marry quietly and that the publicity given to the friendship between Miss Keller and Mr. Fagan has resulted in causing Mrs. Macy and Miss Keller to become ill.

The romance began when Miss Keller, who is also a Socialist, engaged Mr. Fagan as her secretary. They were introduced, it is said, by the husband of Mrs. Macy. He is also a Socialist.

Mr. Fagan is no longer the secretary of Miss Keller, but their friends believe that when the present affair has blown over the couple will meet somewhere in the South and wed as they had first planned.

Ten Minutes of Argument.

If reading acts upon thought as a sedative, talking is a stimulant. Ten minutes of argument with Socrates would do more to clear up one's mind than many hours spent among the best authors. The merciless criticism of an antagonist in the flesh will pick holes in our inferences and show that our assumptions are only prejudices, and will do this in so provocative a manner that we can hardly avoid reforming them. But if our opponent is only a page of paper and ink, what can be easier than to succumb to our complacency and slackness and to skid on indolently to the next chapter?

Simplicity.

Simplicity in character, in manners, in style; in all things, the supreme excellence is simplicity.—Henry W. Longfellow.

Anna Case

the miracle girl of the Metropolitan, proving by direct comparison of her living voice with Edison's Re-Creation of it that the one is absolutely indistinguishable from the other.

There Are Only Two Ways

There are only two ways in which you can become fully familiar with and truly appreciative of a great artist's voice—or instrumental performance.

The first way is to hear him sing—or play.

The second way is to hear the Re-Creation of his voice—or instrumental performance—on the New Edison

No talking machine is sufficiently realistic in its reproduction of an artist's performance to give you a true conception.

The NEW EDISON is not a Talking Machine

It differs from any and all talking machines in that talking machines give but a hollow imitation of an artist while the New Edison literally re-creates the artist's performance.

Great artists have stood beside the New Edison and have sung—or played—in direct comparison with it.

More than 200,000 music lovers have seen and heard these comparisons and have been utterly unable to distinguish the living artist's performance from Edison's Re-Creation of that performance.

More than two hundred of America's leading newspapers concede freely in their own columns that the New Edison Re-creates music so perfectly that

the Re-creation cannot be distinguished from the original.

The New York Globe refers to the New Edison as "the phonograph with a soul." The New York Tribune says, "Edison has snared the soul of music."

You do not need Imagination

With the New Edison in your home you do not have to imagine what an artist's voice sounds like. When you play an Edison Re-Creation of that artist's voice you know exactly how the artist's voice would sound if you heard it in real life.

VISIT OUR STORE

We want you to hear "the phonograph with a soul."

We want you to hear the Re-created voices of Emmy Destinn, Margarete Matzenauer, Marie Rapold, Anna Case, Julia Heinrich, Alice Verlet, Lucresia Bori, Zenatello, Anselmi, Middleton, Urtus, Goritz and Chalmers.

We want you to hear the Re-Creation of the mas-

terly bowing of Albert Spalding and Carl Flesch. We want you to hear the Re-Creation of every kind of musical instrument.

There is no obligation to buy. We merely want you to come and hear and be convinced that "Edison has snared the soul of music," just as the New York Tribune says.

OF NECESSITY NOT NORMAL

Saints, Being Examples of Moral Genius, Produced Only Under Conditions of Low Current Morality.

Sainthood is as great a mystery as genius. It is, indeed, moral genius, and only granted to the few; nor is it desirable for the world's morality that this should be otherwise, according to an English literary critic.

It is abnormal, irrational, excessive, revolutionary. It is there to set up an ideal, and the average man is there to adapt the ideal to the needs of daily life and so to readjust the balance.

More than this, it seems as if saintliness must generally be produced by its contrary; as if only violent and lawless times have the force to produce such an acute reaction; so that the appearance of saints is, as a rule, the indication of a low current morality.—New York Evening Telegram.

When Toads Get New Suit.

Toads change their skin periodically. It is a most interesting performance, says a writer in the National Review. The old skin splits right down the back, and the toad proceeds to divest himself of it in exactly the same fashion as a human being takes off a jersey. The old skin, as it is pulled off, is rolled toward the reptile's mouth, where it disappears, for it is swallowed.

GRACEY REVIVAL CLOSES SUNDAY

Our Object

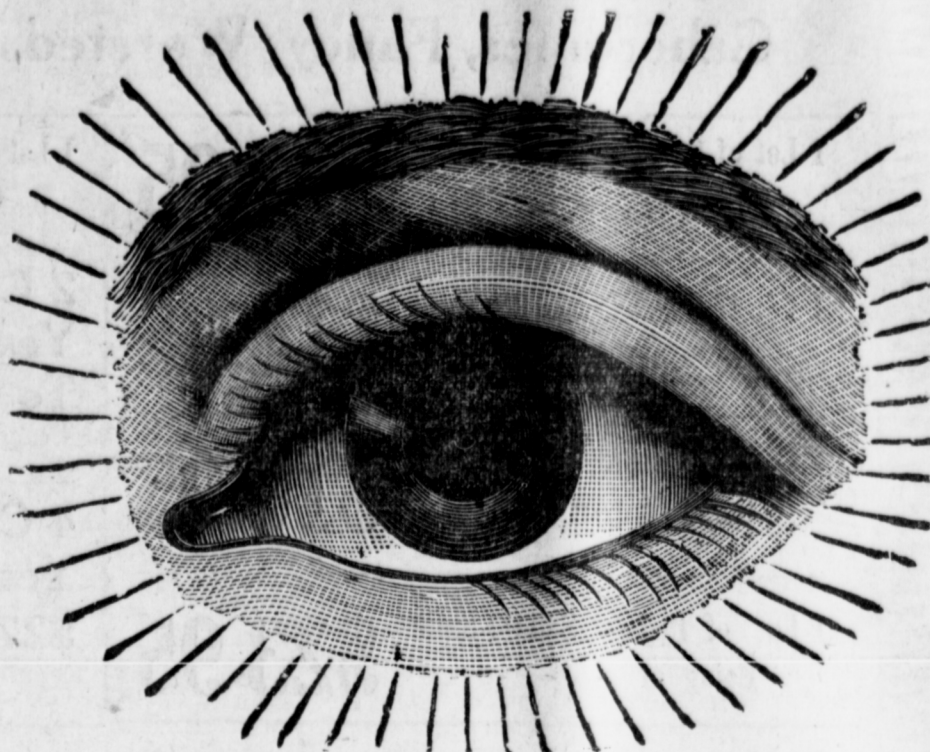

In making this remarkable offer of \$5.00 glasses for \$1.00 a pair is simply to introduce our service in your community as well as our Crystal Lenses. Our Crystal Lenses have met with a great success by many persons who are now wearing them and are meeting with the same results wherever they are introduced.

Our New Invisible Bifocles Will Not Confuse You

You can see near and far with above Lenses
REMEMBER

That the above offer of \$5.00 eye glasses for \$1.00 a pair is for this visit only. Special prices on all other classes of Optical Work. Regular prices will prevail after our first visit to Hopkinsville.

LATHAM HOTEL

Office Hours: 8:30 a. m. to 8:30 p. m.

If your time is limited come early and avoid the rush.
RECEPTION ROOMS, HOTEL PARLOR.

We would ask you not to let our remarkable offer conflict in your mind with other such offers that have been made at Drug stores and other such places by men who were not responsible or established anywhere, nor do they claim to be. As to ourselves we are located and established both. We guarantee our work and glasses both for five years in writing and as to the responsibility of our guarantee we will give bankable reference to those desiring same. The glasses we are advertising are the kind that usually sell at most optical establishments at \$5.00 and in some cases even more. This is the first time to our knowledge that such an offer has been made by responsible people who will stand back of their work and who cannot afford to be branded as fakirs, as some have. We will make these prices THIS VISIT ONLY and no more. Call and see us and we will explain how these prices can be made. You are not obliged to buy glasses and all EXAMINATIONS ABSOLUTELY FREE.

Extinguishing Burning Liquids.

Many people cannot understand why it is permissible to use water for extinguishing some burning liquids, and not for others. For instance, water is effective for extinguishing burning alcohol and acetone, but quite the reverse in the case of gasoline or oil. The difference lies in the fact that water mixes readily with the first two liquids, while gasoline and oil do not mix with water, but float upon its surface, and are thus scattered over a large area. However, the application of a very large quantity of water to a small quantity of burning oil may aid in extinguishing the fire by its cooling influence.

Don't Sell Your Old Horse.

A writer in the November Farm and Fireside makes a plea for the old, worked-out horses. She says:

"Perhaps to the average farmer, sentiment and success are not synonymous, yet I am often amazed at the indifference displayed when it comes to disposing of the surplus members of the barnyard family—especially the faithful horse that has become too old and feeble to be of active service.

"'Dobbin has been a mighty good horse in his time,' says the farmer. 'If he were ten years younger I wouldn't sell him at any price, but he is beginning to play out. A has been wanting him for some time, and I think the wisest thing to do is to let him go now while he will bring a reasonably fair price.'"

Protect Bottle Labels.

If the amateur chemist will paint a thin coating of paraffin over the labels of his reagent bottles with a fine brush he will save much time and bother in replacing labels. The paraffin will prevent any drops of reagent from attacking and badly discoloring the labels. Most reagents do not act on paraffin. The paraffin coating should extend about one-quarter of an inch beyond the edges of the label.—Popular Science Monthly.

Philadelphia Ministers Tell the Mayor About You.

Philadelphia, Nov. 29.—Annette Kellerman must put on some clothes or get out of Philadelphia, if the Baptist ministers have their way. The Rev. Samuel Zane Batten dropped in to see the "Daughter of the Gods."

So did many other ministers. When Annette tripped across the screen in her birthday suit, Batten left. When the Baptist Ministers' Union met Batten told all about it. Now they are going to tell the Mayor.

WAR AT OUR OWN DOORS

The Date For The Beginning Of Hostilities Set For Next Tuesday.

REGARD NEUTRAL RIGHTS

World-Famous Battle Pictures At The Rex Theatre December 5.

Manager Stockley of the Rex Theatre announces that on Tuesday, will be lived over, via the projecting machine and screen, an exact reproduction of the war as it really exists on the French Front.

It is not necessary, however, that you keep out of the zone of fire for although marvelously realistic in their clearness and absolutely authentic, in fact guaranteed authentic by the French Government, observers will be permitted to view at a safe distance the action of the great French Artillery, the effect of bombs dropped from aeroplanes and the assaults on German positions of the French Infantry.

This is how it has been arranged so that you will have an opportunity of seeing the first real maneuvers and action of an army under fire in the great European war.

The French Government is employing in their great General Army Staff a corps of motion picture photographers to take exposures of the action of the French armies in the war that the National Archives of France may have a pictorial, historical record of their acts during this conflict. E. Alexander Powell, the famous war correspondent, who also wrote the "Secret of the Submarine," a now famous picture play, secured a limited number of prints from the original negative and has been showing them to the public of the eastern metropolis.

Louisville had an opportunity of seeing them and the people were agog at the tremendous reality with which the action of a present day war was shown.

RAIN IS BADLY NEEDED

Almost Certain That Opening of the Loose Market Will be Delayed.

There is little prospect of an opening of the loose floor market next Tuesday. At present no tobacco of consequence has been received and there can be no receipts justifying an opening until it rains. In the meanwhile buyers are canvassing everywhere and making tempting offers for the crops still unstripped. Many sales are being made at prices ranging from \$9 to \$10.50 round and one crop has sold at \$11.00. But only a few crops in a neighborhood are being sold at these high prices. Many are waiting for the opening of the loose floor market.

Submarine Mower.
To clear off water lilies, reeds and the weeds which habitually overrun shallow lakes, an Ohio experimenter has recently brought out a marine mower, which is described in Popular Mechanics Magazine. It is operated by a gasoline engine and moved from place to place by boat. The sickle on the contrivance much resembles that on the ordinary farm mower and is suspended beneath the boat by means of suitable rods. A gasoline engine of the type used for driving rowboats furnishes power for the sickle through the aid of a connecting shaft.

COMMITTEE ELECTIONS

Quadrennial Reorganization of The Democratic County Committees.

LITTLE INTEREST TAKEN

Not Likely That Any Great Changes Will Be Made In Present Committee.

In all of the counties of Kentucky, there will be elections in every precinct of Democratic county committeemen, this afternoon at two o'clock. This is the complete reorganization of committees that takes place following

every presidential election. In some of the precincts of Christian county there are vacancies. One of these is in Hopkinsville No. 3, where E. H. Major and L. A. Waller are candidates. In a few other precincts there are contests, but in others the old committeemen will probably be retained.

The present chairman of the county committee is Lucian J. Harris.

Plenty of Apples Left.
Cold storage holdings of apples were 43.9 per cent greater on April 1 than a year ago, according to figures of the department of agriculture, just announced. Reports were received from storage houses all over the country, showing that 32.8 per cent of the December 1 holdings remained in storage. The 432 co-operating stores reported 1,589,249 barrels and 1,295,730 boxes on hand on April 1.

The Real Rub.
There are so many laws that few if any get along without violating some of them, but one should be careful in his selection.—Atchison Globe.

Cause for Thankfulness.
Since we are told that wooden shoes are imminent, we're glad we've reached the age where our punishment takes another form besides stopping the arc described by dad's slipper.—Exchange.
